Please let us know if it is ok to make minor repairs such as broken sprinklers or replacing filters while performing scheduled maintenance.

In this way we would not have to charge you a service call fee of \$85.00.

We will notify you of any repair more than \$70.00 before we do any work. (This is the approximate cost of replacing 2 sprinklers)

Once repairs are complete we will bill you for them.

- Yes I would like for STA to make repairs if needed during scheduled maintenance visits.
- No I do not want automatic repairs. I understand that a service call charge may be applied for any unscheduled visits to repair damaged or broken components on my system.
